The screenshot shows the Microsoft Azure portal interface. The top navigation bar includes the Microsoft Azure logo and a search bar. The main content area is titled 'Databases for SAP solutions'. Below the title, there are filters for 'Subscription equals all', 'Resource group equals all', and 'Location equals all'. A message states: 'No Databases for SAP solutions to display'. The message text reads: 'Database is part of a Virtual Instance for SAP solutions. Try changing or clearing your filters. You can also Create a Virtual instance for SAP solutions that runs on Azure to take advantage of the best that Azure has to offer.' Below the message is a blue 'Create' button and a 'Learn more' link. The bottom right corner has a 'Give feedback' link.

The screenshot shows the 'Create Virtual Instance for SAP solutions' form in the Microsoft Azure portal. The form is titled 'Create Virtual Instance for SAP solutions' and includes a sub-header 'Azure Center for SAP solutions'. The form is divided into sections: 'Basics', 'Virtual machines', 'Visualize Architecture', 'Tags', and 'Review + create'. The 'Basics' section is active and contains the following fields: 'Subscription' (set to 'Azure for Students'), 'Resource group' (set to 'sathwik_group'), 'Name (SID)' (with a hint 'Enter a SID name e.g. SBX_P01' and a note 'Enter a three-character SAP System Identifier (SID). The first letter must be an alphabet, second and third letters must be alphabets or numeric. All alphabets must be uppercase.'), 'Region' (set to '(Asia Pacific) Central India'), and 'Environment type' (with 'Production' selected). At the bottom, there is a 'Review + create' button, a 'Previous' button, and a 'Next: Virtual machines' button. The bottom right corner has a 'Give feedback' link.
